

Hello Human ...

Dear Ladies and Gentlemen . . .

I'm still looking to suitable partners for the implementation of various legal claims and concepts. For this appropriate people - with social commitment and the necessary degree of political responsibility - a potentially worthwhile investment of time, labor and / or capital.

I guess it will be total 98-99% "Open Source" !

In a sense, copyleft with such a * asterisks.

There I can see true success on the horizon of possible realities !

The expected revenue will flow largely in a charitable foundation and thus will serve our common good. So it really is up to 98 / 99% yours and for your disposal.

(Arno Wagener)

[A] **Walking Stick Racket**

Description: Walking Stick Racket :

Application for registration as a patent from 10.17.2014

Case number : 10 2014 015 315.0

Images : http://projekt-verde.org/temp/patent_spazierstockschlaeger_01_images.pdf :

Patentrequest : http://projekt-verde.org/temp/patent_spazierstockschlaeger_01.pdf :

: NEWS : Dated 04.18.2016 and a deadline of one month I receive a favorable decision to VKH [legal aid] for a so designated "Walking Stick Racket" [AZ 10 2014 015 315.0 / Priority : 17/04/2015].

[B] **Handgrip for active ingredient - and material discharge**

Review request with existing priority of December 18, 2012.

Case number : 10 2012 025 503.9

What : Legal right for reusable packaging containers.

A new line of products with unique customer loyalty. Sustainable. And the good conscience to do the right thing! Then as a true mass product thereby the formation as a stirring stick, something to grip with your hand, to use as condiments and sweeteners. For example with simple stirring the release of the active ingredient Stevia to sweeten the coffee or tea.

A drug sticks to medical, and cosmetic, application is also included in the exakt defined claims !

The difficulty for my lawyer and also the examination office of the DPMA :

It is apparently not easy for this "Handgrip for active ingredient - and material discharge" to get the same as a method and / or apparatus, and then get it patented properly possible !!!

State of play : Since June 2014 disclosure procedure ...

Procedure : Marketing. Sale. Licensing. Here to read something ...

: NEUE VERSION : ENTWURF : finance30.de/temp/patent_wirkstoff_01_new.pdf

: NEUE VERSION : ENTWURF : finance30.de/temp/patent_wirkstoff_01_directory_new.pdf

It's about the reusable packaging market !

So to speak, the Tetra Pack TM in Organic, Sustainable and Good ...

Because of this "active stick", ie as a kind of "swab" a la "handgrip for drug - and material discharge" (see the design on page 22 - 25) I also refer to this

Pain molding compound under section [C] !

[C]

Pressing mass against toothache : Analgesic pressing mass :

What : drugs for dental pain : De facto this product is a raw - and medical plaster in the oral area ...

Registration of the USSR as a utility model.

REF.: 202.01.625.0

New application 11.12.2008 : PATENT :

The exact classification of each legal situation should be checked by the professionally sound assessment of a lawyer! I can only try to show my personal opinion and point of view. And of course, all this is subject to change. And without any legally entitled to absolutely nothing !!!
